SUMMARY

3rd semester computer engineering students have had experience in web application development since high school. They have good JavaScript programming skills, and are studying the Laravel and React.js frameworks to expand my competence. Ever won the 2nd best final assignment award for a web application developed. Proficient in using CSS frameworks like Tailwind. Have a high motivation to continue learning and developing skills and are ready to contribute and take a role in the field of Software Engineering.

SKILLS

- Git/Github
- Responsive Web Design
- Web Development
- Tailwind
- Web Testing
- Critical Thinking
- Problem Solving
- Team Work

EXPERIENCE

Landing Page Builder July, 2024 – Current
Internship Hack Management | Remote, Indonesia

- Design and implemented new features and functionality for Wordpress theme
- Consulted with client to gather requirement and provide solutions tailored to their spesific needs
- Created high-performing and user-friendly interfaces for targeted needs

Staff Department Kominfo February, 2024 – Current
BEM FT UNESA | Surabaya, Indonesia

- Contributed creative ideas during brainstorming sessions with team members.
- Presented design concepts to stakeholders for approval or modification
- Design feeds or instagram story for BEM
- Ensure consistency in aesthetics and readability throughout the publication design.

EDUCATION

High School – 91/100 April, 2023
MAS Zainul Hasan 1 Genggong, Probolinggo

Prodistik ITS Surabaya x Prodistik MAS Zainul Hasan – 3.5/4.00 February, 2023
MAS Zainul Hasan 1 Genggong, Probolinggo

Bachelor of Engineering (B.E) – 3.81/4.00 Present, 2024
State University of Surabaya, Surabaya

CERTIFICATION

- Web Development Fundamentals, IBM (July, 2024)
- Develop an Interactive Task List Web Page, IBM (July, 2024)
- React Dasar, Skilvul (June, 2024)
- Web Development Pemula – Special Challenge, Skilvul (June, 2024)
- Intro to Software Engineering, RevoU (February, 2024)
- Microsoft Office Specialist Word 2019 Associate, Microsoft (March, 2023)
- Belajar Dasar Pemrograman Web, dicoding (April, 2022)

ACHIEVEMENT

- Awarded 2nd place in the "Perancangan Website MA Zainul Hasan 1 Genggong" website design competition hosted by MA Zainul Hasan 1 Genggong in February 2023
 - Designed and developed a responsive, user-friendly website for the school that improved online visibility and accessibility
 - Received praise from the competition judges for the website's impeccable color scheme, supportive features, and seamless alignment with the school's branding.
 - Collaborated closely with the school's administration to understand their requirements and deliver a solution that exceeded their expectations
- Won 1st place in the Procommit Programming competition's GIM section, organized by Prodistik ITS Surabaya in November 2022
 - Demonstrated strong programming skills and problem-solving abilities by creating an innovative solution for the competition's challenge
 - Presented the winning project to a panel of industry experts, earning recognition for the technical merits and originality of the work
 - Showcased the ability to work under time pressure and deliver high-quality results within a competitive environment
